The first winner: Michael the punk. He loves music, his guitar and beat. He loves to take naps.

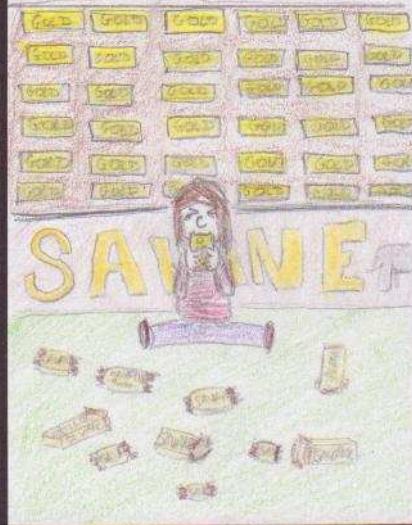

The second winner is Matthew the BG (beautiful guy). He loves his appearance and girls.

The third and fourth winners are twins: Cherry and Rose. They love school and skipping.

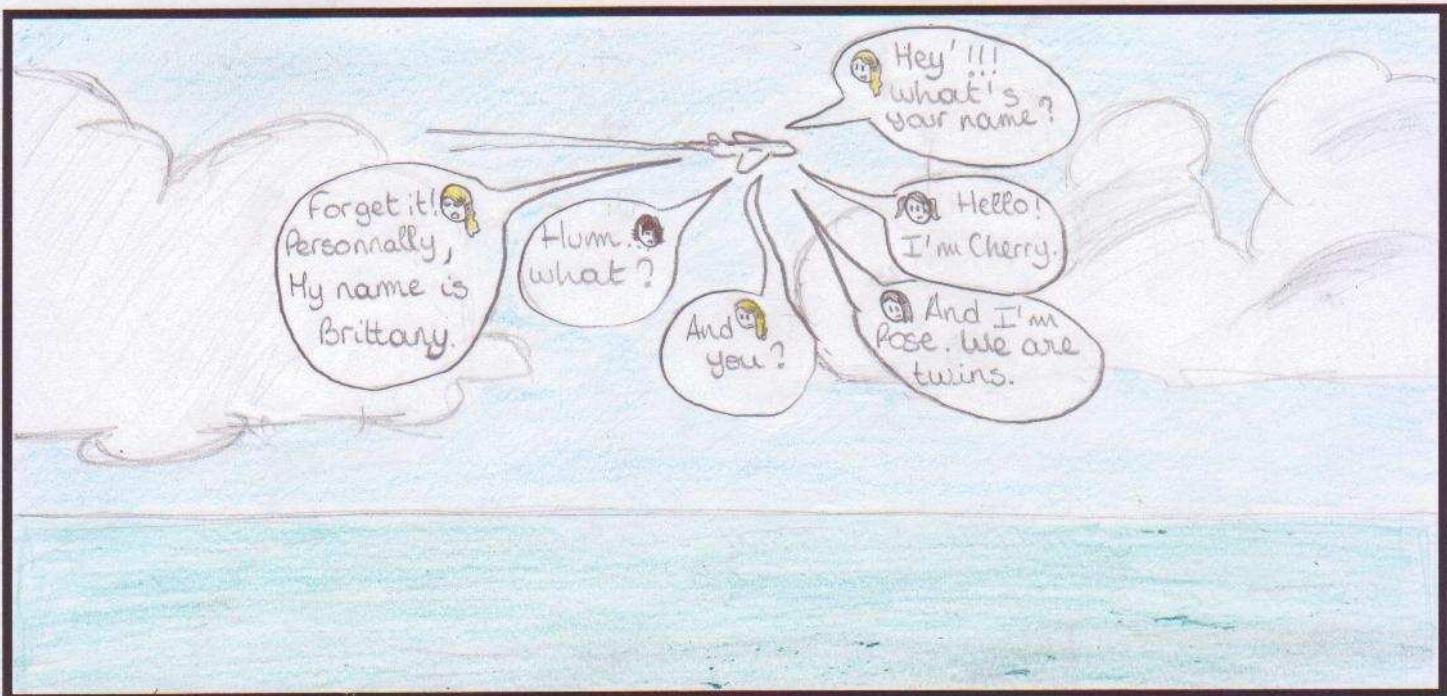

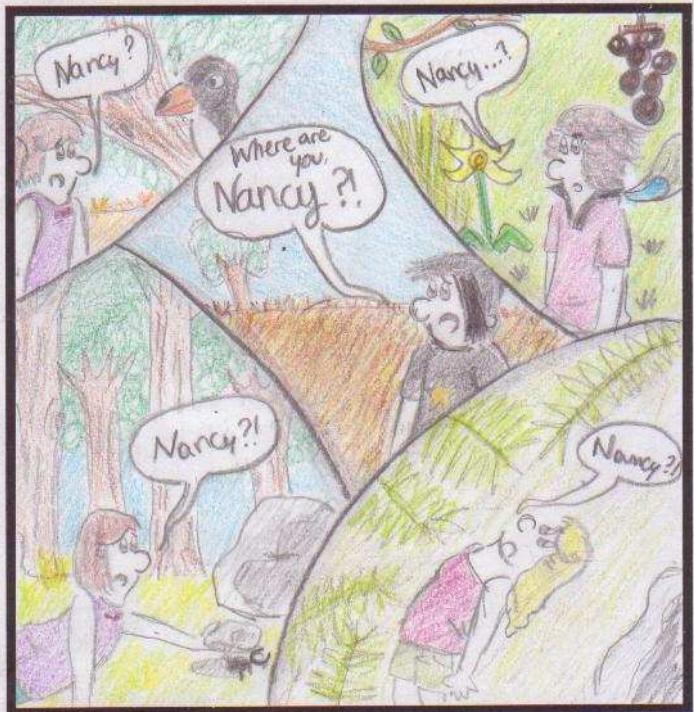

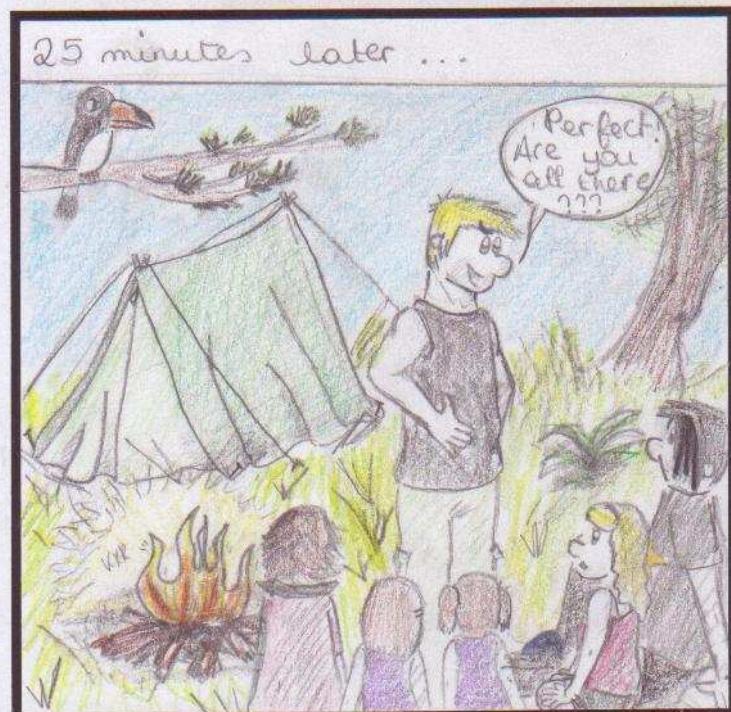

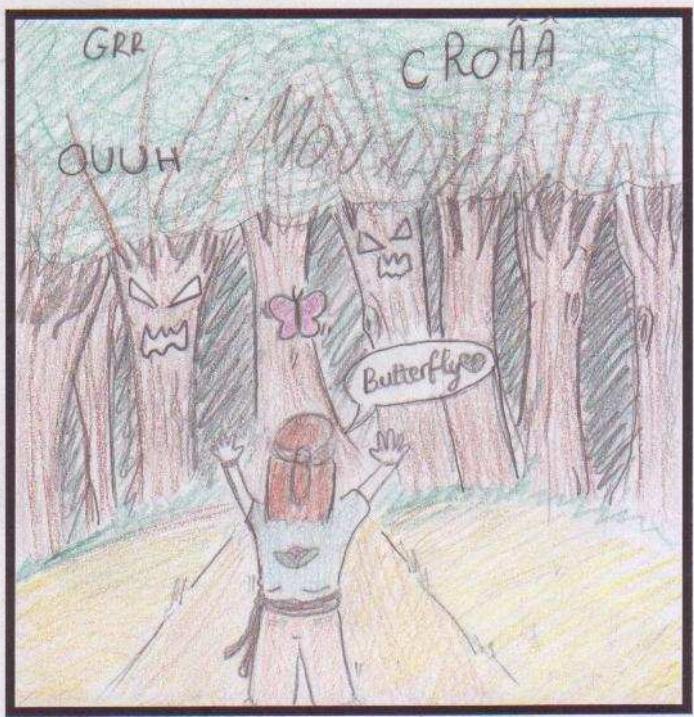

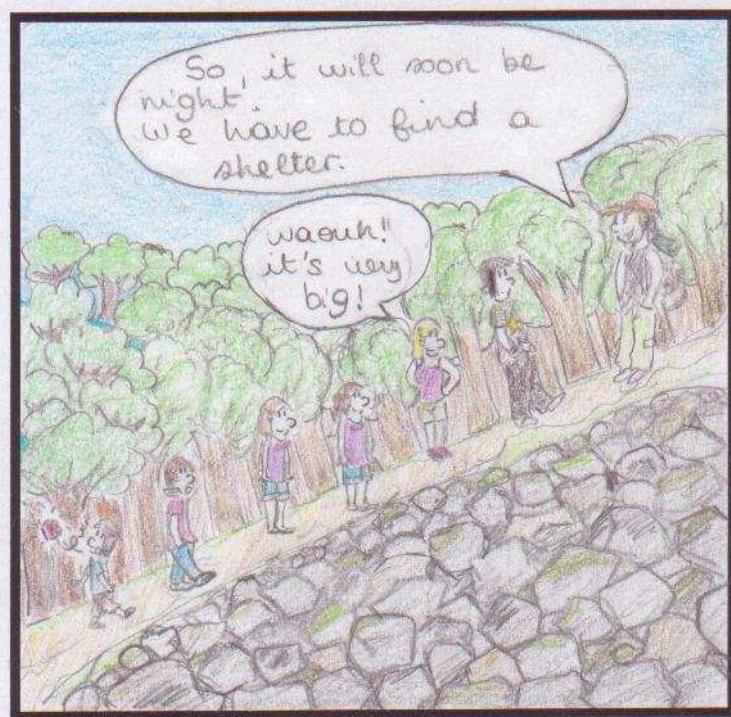

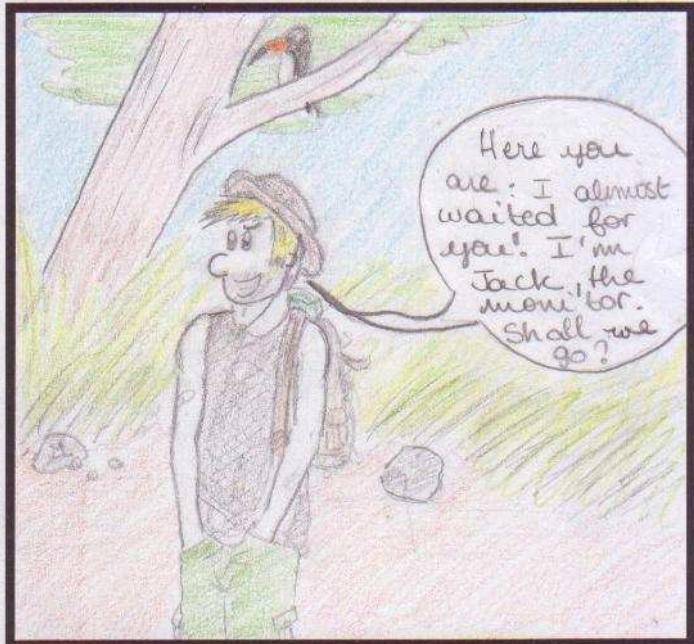

Nancy is the daughter of the main director of Savane. She is a little young to win but her father wants her to see the savannah.

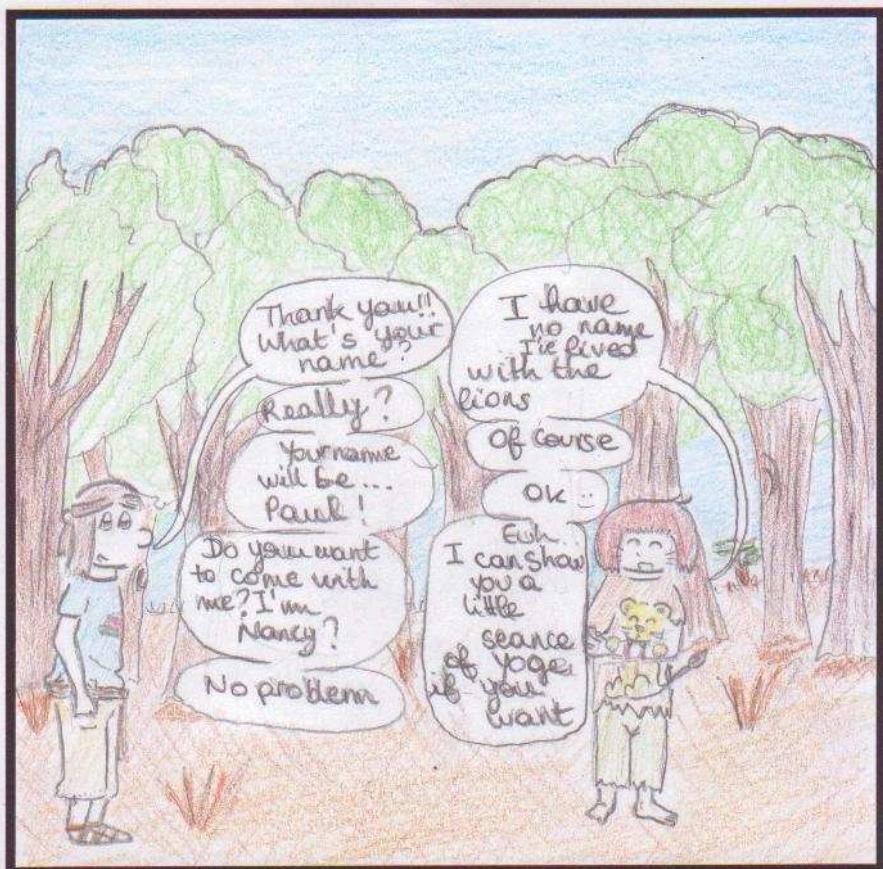

Brittany is a beautiful and excited lady. She loves the life. She's fond of shopping and boys. Her favorite colour is sure pink (Hadn't you guessed ???).

After many hours wandering in the Savannah, one little group finally found an airport.

They got in the first plane to London and this time the flight went without any trouble.
